

## Youth Elect Service 2022

April 11, 2022

To whom it may concern,

The YES project retreat is a wonderful positive experience for everyone involved every year. As we help those in need throughout the county with various maintenance jobs, we also spread the love of Christ and the message of hope!

Without adult help, this program would not exist! As adults help with transportation throughout the county, and supervise jobs, you also get to witness the youth give of themselves in ways you have never experienced. The rewards are numerous! When they see the love of Christ in the appreciation the residents express, the youth cannot get enough of visiting and helping those in need! Service does not end with labor of love. The youth will also dig deep in their service of prayer.

We are in need of adult help such as you, your friends, family or your organization. Please look over this form, and call me with any questions. I can give you names of adults from all over that have helped in the past with great experiences, and continue to help when they can. This is a free service to the families we help, and free of any expenses to you. Please pass this information onto your organization, your family, or your friends, and make copies as you see necessary.

We pray you choose to serve. Our focus will be on God and not just labor. Please consider helping the youth at this retreat, not forgetting we are made in HIS image to help serve in all ways. Nothing is more rewarding than sharing your time, talents, and faith with the Young Church of today!

In His service,

Renee Kelch  
Coordinator of Youth Ministry & Parish Programs  
Ottoville Immaculate Conception Parish
