Youth Elect Service (Y.E.S.) Project

Y.E.S. Values Statement

The Youth Elect Service (Y.E.S.) Project is serving other people – the people I work for, as well as the people I work with. The experience will be that of hard work, great fun, real friendship, growth, awareness of God’s presence, and the feeling of accomplishment that comes with sacrifice, & experiencing I am a wonderful image of God!

Therefore, to make this a terrific experience for all involved, I am committed to the following values:

1. As a community, we are Christ’s presence to others. I am therefore willing to be a good example to my peers and the people I work for. As a part of that example, I agree to not partake in the use of alcohol, tobacco products, drugs or foul language.
2. I understand that a true community requires time together, & will therefore refrain from bringing a cell phone & personal gaming systems, or other devices which take away from being a part of a community. If I bring a cell phone with me, I will turn my phone off during times of work, team activities & prayer. I am willing to spend time with all people & will refrain from forming cliques or spending time with romances
3. I will respect the authority of the leaders & will follow their directions at the work sites as well as at the living quarters.
4. I will put forth my best effort to the community, cooperate with all my fellow volunteers & accept the conditions of food, work, & living quarters.
5. I will observe all rules of the weekend & get plenty of rest so I can be the best I can be.
6. Overnight accommodations will be provided, & separate overnight rooms will be assigned to the girls & boys. I will respect the overnight chaperones & abide by the rules.

I will serve the needs of others & live by the values statement.
